There is frustration as the Borough collects the money out of residents' pockets for the school and county as well. Mayor McGreevy provided a detailed overview of the steps the Borough has taken including shared services and switching benefits providers. Mayor McGreevy noted the mayor is legally not allowed to interfere with the school or provide oversite; though is willing to collaborate and support the school and their families. Mayor McGreevy spoke about transparency and doing whatever possible for the best of the residents. A joint public meeting is planned to be scheduled annually. Further discussion on what questions needs to be asked including the cost of regionalization, representation and how to best move forward. Mayor McGreevy further detailed steps being taken to keep the Borough in a stable financial state with regular updates being made available to residents. Mayor McGreevy spoke about the recent catastrophic flooding, noting the Borough has been participating in a regional flood mitigation group with the state, county, federal government and neighboring municipalities to address the issues. Mayor McGreevy complimented Public Works for their herculean efforts in gathering data and information to work together to solve the problems.

8. COUNCIL REPORTS

COUNCILMEMBER CORLIES CHONG - ADMINISTRATION AND FINANCE

C/Chong presented a slide deck regarding the 2026 municipal budget, the budgeting process, the process for school budget and what the Borough has done so far and how the School Board can be supported. C/Chong shared information on the break down of the tax levy. Mayor McGreevy asked how the percentages are arrived at; C/Chong responded explaining the percentages based on the levy. C/Chong provided a brief overview of the school budget process for which the Council has no vote. The role of the town is to collect and distribute the taxes. Discussion continued on timeline to pay debt and further steps taken by the Borough to manage the municipal debt. PUBLIC PARTICIPATION

The meeting was open to the public on any item.

Mr. Chris Tallman asked if other towns are experiencing the same type of extensive property tax increase; Mayor McGreevy responded that other towns are dealing with the same rising costs due to assessed values, inflation, paying for employees and home rule. Mr. Tallman asked if a comparison could be provided to other towns and their increases. Mr. Tallman requested the slide deck be shared; which it will. Mr. Tallman asked for the multi-year plan will be to keep the tax increases sustainable. Mayor McGreevy explained the Borough has been transparent and the plan in Neptune City is to be on solid financial footing; the school is in a tough spot. Mayor McGreevy further detailed steps already taken and that will continue to be taken. Mayor McGreevy further noted the Borough can work to bring in more revenue through more tax payers and rateables. Mr. Tallman noted something significant and fundamental will have to happen with the school. Mayor McGreevy shared it will take statewide reform, which raises questions that need to be answered by the Department of Education.

Mr. George Kary expressed the State and the County are the problem, providing examples and requesting Council to push back. Mayor McGreevy responded.

Mr. Anthony Susino invited residents to attend the Board of Education meeting this evening and to also to attend the budget process. Mr. Susino noted the Board only has control of 10% of the budget; the rest is insurance and payroll. The Board of Education meetings are also broadcast.
