Neptune City Community Center

Coffee and Refreshments Provided

SPECIAL GUEST Congressman Frank Pallone

AGENDA

Introduction- Greeting from Congressman Pallone

I. Revised Cannabis Dispensary Hours of Operation as discussed by the Administration of Justice Committee.

Invited Guest: Ryan Ward, Shipwreck'd
Shipwreck'd has requested to align their hours of operation with competitors in the area.

PROPOSED CHANGES FOR PUBLIC INPUT
The summary of the proposed changes for ShipWreck'd: Amend the allowed operating hours from 10am - 9pm on Mondays - Saturdays to allow operations from 8am - 10pm and expand Sundays hours to 9am-9pm. This will align the business more closely with the nearest competitor to make ShipWreck'd a more available option to consumers.

II. Neptune City Beautification and GREEN TEAM Update – Native Planting Project in front of Borough Hall.

III. Formation of an Environmental Commission – Mayor McGreevy
The majority of municipalities in New Jersey have Environmental Commissions. With renewed focus on dredging and sustainability of the Shark River, the Borough would like your input on this proposed action which would allow for additional grant funding opportunities and ensure that the natural beauty and ecological health of Neptune City are preserved and enhanced for generations to come.

PURPOSE AND SCOPE OF THE ENVIRONMENTAL COMMISSION - *PROPOSED*
The Environmental Commission will serve in an *advisory* role with primary responsibility of conducting research, outreach and sharing recommendations in a non-binding capacity. As with most Environmental Commissions, the budget for the proposed commission would be nominal ($0- $500). The members would be Mayoral appointments approved by Council.

WE HOPE YOU WILL JOIN US! WE LOOK FORWARD TO HEARING FROM YOU.
