December 2, 2022

A message from the Mayor:

This is to notify the community that, after careful consideration, the Land Use Board will not be considering Ordinance 2022-15 concerning cannabis retail licensing, as I intend to offer the withdraw of the Ordinance at the next Borough Council meeting scheduled for December 12, 2022.

We have heard an abundance of feedback and want to take the time to properly assess the concerns and suggestions brought forth, as well as allow our professionals ample time to review all information to then determine what is in the best interest of our community and residents. We continue to encourage constructive feedback so as to help achieve the greatest outcome for Neptune City. Residents, as always, are welcome to deliver correspondences to Borough Hall, e-mail the Governing Body, and/or attend regularly scheduled meetings. To further facilitate communication, the Borough has established CAC@neptunecitynj.com for residents to e-mail their suggestions and concerns. We look forward to hearing from you!

Sincerely,

Andrew C. Wardell
Mayor
